ACKNOWLEDGMENTS

I deeply revere and thank the hundreds of authors whose shoulders provided us the platform to see what we now see. My big-picture book would not exist without these truth-seeking giants, for it is built upon thousands of facts and assessments from a wide range of disciplines.

I also extend my gratitude to those who helped transform the manuscript into an exquisitely polished book. Jennifer Curran provided superb editing on multiple levels as I sharpened the manuscript. Upon completion, I was blessed to find the talented and trustworthy professionals at Elite Authors. Sharing my passion for excellence, they were the perfect publishing partner for bringing my vision for this unorthodox book to fruition. Jenny and Lydia were godsend in understanding and coordinating this complex project, Jordan was an extraordinary editor, and Dan produced a stellar interior.

I also have the deepest appreciation for my beloved relatives, friends, romantic partners, healers and teachers who have been a substantial part of my journey. Unfortunately, there are far too many to mention by name. They know who they are, and I thank them for all they have done to help me fulfill my calling.

That said, my parents deserve explicit recognition. Richard and Anne Luther have always blessed me with their love and support. My father was willing to challenge his Christianity to review many of the chapters and appendixes after prefacing his help, “You’re asking a house painter to touch up a Picasso.” Even though my spiritual passion is not my mother’s cup of tea, she has backed me every step of my long and arduous way.

I would also like to thank my favorite musical artist, Seal, whose music has resonated very deeply with me. Whether heralding the vision of universal love, the whirlpool of the human condition, or the searing process in between, his spiritually vivid songs have been my soul’s favorite accompaniment.

Most importantly, my heart is overflowing with gratitude for God and the love that has inspired, broken, nurtured and blessed me through the transformative fire. Thank you for awakening me, calling me to do your work, and guiding me home.

ABOUT THE AUTHOR

Karl Luther has been forging through a crucible of spiritual growth for over 25 years after moving beyond his Christian upbringing in his mid-20s. Exemplifying a quote of God that “God qualifies the called” instead of calling the qualified,¹ he is another historical case of how paradigm shifts are almost invariably sparked by people who were not previously considered to be experts in the field.

He has a Master’s Degree in Counseling specializing in Transpersonal Psychology (John F. Kennedy University, 2005), which was a major career change in sync with his spiritual path after a Bachelor’s in Electrical Engineering (University of Arizona, 1988) and a Master’s in Business Administration (University of Texas at Austin, 1993). He lives in Scottsdale, Arizona, and has been serving the greater Phoenix area as a mobile crisis counselor while working on the book and its sequel.
